

Seasons of Intimacy

A Story of Timing & Trust

◆ Named 2025 Book of the Year by Pages & Grapes

JASON SCHUBERT

A snowstorm. A roadside motel. One room. That's where the clichés end.

When a chance encounter brings two strangers together, neither expects more than a night of awkward conversation. But as the seasons pass, what begins as an unlikely connection deepens into something quietly undeniable: a bond built not on promises, but on presence.

Through poems, late-night conversations, moments of passion, and emotional openness, they discover that real intimacy isn't about grand gestures. It's about showing up, again and again.

FROM THE PAGES

*A snowflake now has new meaning, it's true,
Simply because each one reminds me of you.
You're a wonder to value, to love and to hold,
And not just around when the weather gets cold.*

"A stunningly romantic and emotionally immersive novel that captures the very essence of enduring love."

Heather Wejroch, Owner, Pages & Grapes, Wyoming, MI

"This book sizzles with equal parts heat and heart."

Amazon reviewer

JASON SCHUBERT

Jason Schubert grew up in Pecatonica, Illinois, and has spent his career helping people grow, leading development programs for organizations around the world. He brings that understanding of what people carry beneath the surface to The Intimacy Series. *Seasons of Intimacy* (2025) was his debut; *Secrets of Intimacy* followed in 2026.
